

DANVILLE REJOICES AS TEAM RETURNS

Capital of Boyle County Deliriously Celebrates Home-Coming of Heroes

Danville, Ky., Nov. 1.—Danville's reception to the triumphant Centre College football team upon its return at 11:30 o'clock Monday, exceeded the city's wild celebration of the famous victory Saturday over the mighty Harvard.

Hailed as conquering heroes the gridiron warriors were met at the depot by 10,000 uproariously happy people eager to show them homage. As each player stepped from the coach, his countenance beaming with pride and happiness he was clasped by waiting hands and lifted aloft to the shoulders of classmates.

Cheer after cheer resounded for each player and the team as the members were carried to the city's big firetruck which has hardly had a still moment since the glad tidings came over the wire Saturday that the "Praying Colonels" had defeated Harvard 6 to 0. The Danville brass band struck up a lively tune and headed the parade through the streets of the city. "Ho" McMillin was perched on a high seat on the fire apparatus, proudly clasping the oval ball carried across the Harvard goal line after a sensational run of 31 yards, the only scoring of the noted conflict at the Cambridge stadium.

A deafening din went up from the procession, as men, women, boys and girls strained their throats with yells. The highest and the loudest of Kentuckians were in the line paying tribute to the state's foot ball heroes. Even infants in arms blew horns. Gov. Edwin P. Morrow and other state officials participated in the celebration. With Mrs. Morrow, the governor and George Colvin, state superintendent of public instruction, occupied an automobile directly behind the fire truck.

The next car carried Dr. W. A. Canfield, president of Centre College; Howard Reynolds, Boston newspaper man, who returned with the victors, and Mrs. Reynolds.

Another machine bore Centre's coaches. Then came the Centre five, the saxophone quintette, which accompanied the team on the journey east.

All schools and business houses had closed for the day, so that none would be deprived of the opportunity of paying honor to the men who had placed the Gold and White streamers at the top of the flagpole. Students of the Kentucky College for Women bore a standard reading "The Line, God Bless the Line." They followed directly behind the Centre student body bearing a banner inscribed: "To the Team—We're Yours Forever."

Pupils of the Kentucky School for Deaf and children of the other schools of the city blew horns and rang cow bells. "Hail to the Conquerors," read one "streamer" in the parade. Harvard's "goat" which the Kentuckians had captured, was led by boys and "John Harvard," all bunged up from his defeat, also appeared in the procession.

The crowd was swelled by a large delegation from Somerset which has four representatives on the eleven. "Somerset was there with eight feet," was painted on a sign displayed by the visitors. "Red" Roberts is among the Somerset representatives.

The parade disbanded in front of the Boyle county court house where a mass meeting was held. J. W. Harlan, chamber of commerce representative, presided, gave a brief talk and introduced the speakers.

"It is great to be governor of a state like Kentucky, but right now I would gladly swap jobs with Mr. McMillin or any member of the team," were Gov. Morrow's opening remarks. "No governor ever received such a reception or tribute of real love from home folks."

FINAL MEETING OF LEADERS WEDNESDAY

Flying Squadron At Work This Week In Effort To Complete Great Burley Pool

In preparation for the final lap of the campaign, all county chairmen of the Burley Tobacco Growers' Co-operative Association will meet at the Phoenix Hotel Wednesday morning at 10 o'clock to work out the remainder of the required quotas of each county and devise means of raising them within the next ten days.

Saturday afternoon at 1:30 o'clock, mass meetings will be held in every county seat in the burley district of all the members of the association and these will work out the county campaigns if necessary to put their various counties over the required minimum of 75 per cent.

These two meetings will be the final meetings of the campaign. Organization Manager Joseph Passonman said last night for every energy of the very ablest men in the organization is to be devoted the final week to signing up every pound of tobacco possible. If it is not necessary, it will be possible to have Aaron Sapping, of California, return to Kentucky for the final drive. Manager Passonman said.

Three flying squadrons went to work Monday to help complete the signing of the tobacco crop of the burley district. One headed by R. E. Beatty left for Lawrenceburg, and another headed by W. H. Whiles, of Paris, went to Anderson county, where they will both work two days, going on to Carroll for two days, by which time they will be re-assigned where most needed.

The third squadron headed by Captain Sam Day, of Paris, crossed the Ohio river and went into Brown county, where they will spend the week soliciting signatures and speaking at a number of points in the county.

In Captain Beatty's squadron were Joe Houston, Henry Snell, O. D. Carpenter, Joe C. VanMeter, C. B. Robinson, B. W. Gorman, Guy Smith and Emmel Coats.

Captain Whaley was backed by Thomas Hinkle, C. H. Dalzell, Walter Kenney, and Jesse M. Alverson, former Senate clerk, at Frankfort, now a Bourbon county farmer.

In Captain Clay's squadron were J. M. Caldwell, William Collins, James Fitzgerald, A. B. Hancock, Pease Collier, Julian Frank, Luther Rice, Harold Snell, Albert Day and L. W. Jones, while another division, composed of W. S. Meng, Dave Clark and John F. Young, left the main body to work in Clermont county, Ohio.

Ballatin has signed up 1,350,000 pounds. It grew 1,750,000 pounds in 1920. Every grower in the county, except 75, has signed the contract and the others are expected to come in this week.

James C. Stone, vice chairman of the organization committee, will go to Ripley, Ohio, today to confer with the bankers of southern Ohio in regard to the financing of the crop if pooled.

On Monday Franklin county farmers pooled 101,640 pounds of tobacco making a total of 3,300,000, about 65 per cent.

"Boys, I love you; your colleagues love you. The city, county and the state of old Kentucky love you and are proud of your achievements which reflect glory upon the entire state," said the Governor.

LOCAL DEMOCRATS HIT HARD BLOW

Court of Appeals Knocks Out Absent Voters Law and Big Majority Is Lost

The severest blow the democrats of Madison have yet sustained in the present campaign to elect their splendid county ticket was handed them by the Court of Appeals at Frankfort in an opinion Tuesday that the absent voters' law is unconstitutional.

Of voters, who still claim Richmond as home, and have sent in for ballots under the provisions of this law, which was passed by the state legislature in 1918, a great majority are democrats. A rough estimate of those who had applied for ballots at the county clerk's office, showed that of some 200, about 190 were democrats and about 10 republicans. The effect of this decision of the Court of Appeals Tuesday, then, is to deprive the Madison county ticket of about 180 majority on absent voters. These votes will be lost entirely to the ticket unless the voters can now manage to return to their homes here and in person cast their vote on election day.

Local democrats were greatly disappointed at the opinion of the court, of course. However, such a reverse has put the old fighting spirit into many who had been passive in their work before. A number of prominent democrats were heard to remark, when the decision of the court became known, that now that their party seemed to need them, more than ever before, they were going to take off their coats and go to its assistance. Republican leaders were naturally much pleased at the opinion of the Court of Appeals.

The Associated Press dispatch from Frankfort which told of the state's highest court decision reads as follows:

The A. P. Dispatch

(By Associated Press) Frankfort, Nov. 1.—The Kentucky Court of Appeals today held the absent voters' law, passed in 1918, unconstitutional. The law was attacked by Green R. Lyons, republican candidate for mayor of Frankfort. Judge Simpson rendered the decision, the whole court concurring.

NATION-WIDE COAL STRIKE POSSIBILITY

(By Associated Press)

Indianapolis, Ind., Nov. 1.—Officers of the United Mine Workers maintained silence at national headquarters here today as to the possibility of a nation-wide coal strike in protest against the federal court injunction prohibiting the "check off" system by which operators collect union dues, but it is learned authoritatively that the operators would seek to avert a walk-out of workers. Meanwhile it is understood all Indiana mines are considering a strike.

SAYS SOLDIERS HUNG WITHOUT TRIAL

(By Associated Press)

Washington, Nov. 1.—Charges by Senator Watson, of Georgia, that American soldiers in France were hanged without a court martial or other form of trial, precipitated a heated debate today in the Senate, which later ordered a special committee to investigate. Chairman Wadsworth, of the Military Committee, invited Watson to appear before his committee in support of the charge. Watson produced a photograph of an alleged hanging and insisted his charges are true. Senator Borah said former service men had told him the same thing but he was unwilling "to proceed on such evidence."

Foch brought to the legionaires a personal declaration of comradeship and bore an official greeting from his government. Pershing extended to Foch a formal welcome and asserted the Legion is peculiarly honored by your presence among us.

Puff! Puff!

Here is a story from the local picture show: "Topics of the Day" films were being shown. They included the story of the man who when asked if he liked Omar Khayyam replied, "I never drank it," and whose wife objected: "You should not have said that—it's a kind of cheese." A girl in the audience laughed and said, "That's a good one," and the girl next asked, "Well, what is it?" The first girl replied "A cigarette."

A CORRECTION

It has been called to my attention that the report has been and is now being circulated that I am put out as a candidate for the legislature by State University, and that I am in favor of an eight million dollar (\$8,000,000) appropriation for it at the next session of the legislature. Both of these statements are absolutely false and without foundation. I was never approached by anyone connected with the University, or acting for it, and asked to make the race and I am not for an \$8,000,000 appropriation at the next session for two reasons: First, the University does not need that amount or anything near it; and second, the State of Kentucky is unable to finance any such appropriation at the present time.

I am interested in education and the proper development of our school system, our University, Normal Schools and public schools, neither to the exclusion or prejudice of the others, but this must be done with strict economy. I am not in favor of putting additional taxes upon the people of Kentucky and Madison county, who, it seems to me, have already reached the limit of their capacity. It is my honest purpose and promise to reduce taxation, if possible, in the event that I am elected, but at any event I will not sanction or support any increase in your taxes.

My purpose in asking the people of this county to elect me to represent them in the next legislature was to be of service to Madison county, and through that to myself. To have been a member of the General Assembly of Kentucky can be of benefit to me in the future practice of my profession as a lawyer here only so far as I propose and support legislation beneficial to you, the people of Madison county.

I prefer to believe that this incorrect report has been circulated by those who were misinformed as to the facts rather than that it was an intentional distortion of the truth for whatever political effect it might have. I hope and expect that those who have aided in circulating this statement will make an honest effort to correct it and let the truth be known. I believe that in the exercise of the right of the ballot the voters should be in possession of the truth, and nothing but the truth, and if that be done, I will willingly abide by the result.

Respectfully yours,

JAMES PARK

Republican candidate for Representative.

The opinion has been voiced locally that the thieves only left the wagon because it was so heavy that they were unable to lift it.

CLARK WOMAN DIES; MANY RELATIVES HERE

(By Associated Press)

Many friends and relatives here grieved to learn of the death at Winchester of Mrs. J. B. Irvine, which took place Sunday afternoon at 7:30 o'clock. The Winchester Sun says that a visitor knocked at the door of her home and was bidden to come in. Upon entering the visitor was told by Mrs. Irvine to call a doctor as she had become suddenly ill. She died a short time later.

Mrs. Irvine was 69 years old. Before her marriage she was Miss Tabitha Tipton, of Madison county, a daughter of David B. Tipton, who originally came from Virginia to Kentucky. She was a sister of the late Judge French Tipton, of Richmond.

She is survived by three sons, Shelton Tipton, who is connected with the Paris office of the Louisville and Nashville railroad; Clarence Irvine, of Winchester and Irvine, of Neil, West Virginia; a brother, Duke Tipton, of New Mexico, and four grandchildren, Kate and Jesse Irvine, of Paris, Mary Irvine, of Neil, West Virginia, and Mrs. P. E. Pursley, of Decatur, Ill.

Mrs. Irvine was related to the Phelps family of Clark and Madison counties and spent practically all of her married life living at Thompson's station, Clark county, and in Winchester.

Mrs. Irvine was a lifelong member of the First Christian church and was an earnest and active servant of the master whom she served. She was a cultured and gracious gentlewoman, a credit to a distinguished family and a citizen of the type such as the community can ill afford to lose.

She enjoyed the warm friendship of a large circle of friends, all of whom will be saddened by her passing.

"The Inside of the Cup" Exposes Hypocrisy

Said to be one of the most remarkable picture productions of the season.

ASPIRIN

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. the season. "The Inside of the Cup," a Paramount-Cosmopolitan production of Winston Churchill's famous novel, will be shown at the local theatres Tuesday and Wednesday.

When this book was published in 1913, its exposure of hypocrisy among wealthy churchgoers, provoked bitter criticism by the clergy of England and this country. The hero of the picture, as in the story, is the Rector of a fashionable church, who becomes disgusted with certain elements of his flock and severely arraigns them for their shame and hypocrisies.

Director Albert Capellani, however, has paid more attention to the dramatic features of the story than to the philosophy which makes the book almost unforgettable. The scenes are thrilling and the heart appeal culminating in the fruition of a love romance, is irresistible. The cast headed by William P. Carleton and Edith Hallor, is unusually large and attractive.

Get This Straight

(Harrodsburg Herald)
Some men are staying out of the Burley Cooperative Marketing Association because they think they will get more for their tobacco.
The Herald decided to investigate this situation fully and sent a representative to Lexington to interview Mr. Sapiro, the marketing expert.
"These men will find to their sorrow they are mistaken," said Mr. Sapiro. "They will sell their tobacco for much less than the pool crop, if history repeats itself—and it usually does."
"One of our recent organizations in California is the Prune Growers, we have 75 per cent in the organization, and when completed, the growers decided to allow the other 25 per cent to remain out for the life of the contract, for a period of five years."
"Last year the organization

sold about 60 million pounds of prunes for future delivery, before the crop was harvested, at 11 cents a pound.

"The prune market later began to break. The organization still had 50 million pounds on hand. The outsiders had their entire 22 per cent. The speculators were going over the prune belt picking up the outside crop, and selling it in New York. They beat the market down to three cents, and bought the entire outside 22 per cent at prices ranging from 3 to 5 cents per pound, actually below the cost of production.

"While this was going on the organization sat tight, and did not offer a prime for sale. They delivered prunes on contracts already made, and filed suit against dealers who tried to evade their contracts, three of which have already been won.

"The speculator got more prunes in New York than they could buy. In order to fill their contracts they were forced to come to the organization, and they bought at the price set by the organization, more than they had contracted to sell the prunes for. Thus in the long run the Association took from the speculators most of the profit they had made on the prunes of the man on the outside of the organization.

"The pooled prune crop will average close to 10 cents a pound."

The Herald hopes every tobacco grower will join. But it issues a solemn warning to those who persist in remaining out. They may have to remain out for five years, and history has proven their only market will be speculators. The real manufacturers have always preferred to deal direct with the organization.

SOCIAL and PERSONAL

Reception for Miss Scott

The ladies of the official board of the Patti Clay Infirmary invite the members of the Association to meet Miss Scott on Thursday afternoon, November 3rd, from 3 to 5, at the residence of Mrs. E. I. Burnam on Lancaster avenue. That date marks the 10th anniversary of Miss Scott as superintendent of the Infirmary.

Beautiful Halloween Party

Miss Fannie Nell Jenkins was hostess to a Halloween party at

her beautiful home, honoring Misses Pansy and Lee James Hill of Nicholasville. The rooms were artistically decorated with beautiful decorations appropriate for the delightful occasion. Miss Lee James Hill received the prize for having the prettiest costume. Delicious punch was served during the hours with Mrs. Hubert Howard and Miss Elizabeth Jenkins presiding. Music was enjoyed and games indulged in until a late hour when a refreshing ice course was served by the charming hostess, assisted by her mother, Mrs. Thomas Jenkins, Mesdames A. F. Tudor, G. W. Million, Jennie Foster, Mc Mil-

lion and Miss Harriett Million. Guests included Misses Hill, Anna and Georgia Moss, Bertha Taber, Nannie Deatherage, Jala Noland, Emma Doty, Jessamine Jacob, Bernice Tudor, Elizabeth Jenkins, Lucille Azbill, Rosa, Reg and Rnth Turner, Gladys Tudor, Harriett Million, Valeria, Lillian and Emma Newby, Hazel Million, and Amanda Burris; Messrs Vernon Rigg, Arnett Taylor, Franklin Million, Carl, June and Elmer Haden, Sid and Elbridge Noland, William Phelps, William Smith, Luther and Claude Jenkins, Dan and Russell Million, John Griggs, Wilbert Howard, Elba Jenkins, Travis and Robert Million, Ivan Tudor, Avery Jenkins and Mr. and Mrs. Hubert Howard.

Entertained Halloween

Misses Mary Shearer, Lillian Burnam, Coleman Wallace, Nancy Woods Chenault, Elmer Catherine Douglas and Betsy Chenault were joint hostesses at a beautiful Halloween party at the home of Miss Shearer on West Main street, to which about 40 of their friends were invited. The costumes, decorations and refreshments carried out the Halloween idea to perfection and it was one of the most enjoyed of the many Halloween functions.

Mrs. Morrow's Reception

Several delightful social affairs were given in honor of the Daughters of the American Revolution who were here for the twenty-fifth annual convention, says the Frankfort Journal.

The largest affair was the brilliant reception which Mrs. Edwin P. Morrow gave at the Mansion and which was enjoyed by over two hundred guests. Elaborate decorations of autumn leaves were used throughout the lower floor with the exception of the State dining room which was done in delicate lavender. The centerpiece of the table, which was overlaid with a handsome Madeira cloth, was a basket of lavender chrysanthemums. The silver candlesticks held lavender tapers and the other details carried out the color scheme. The silver coffee and tea services were presided over by Mrs. John D. Carroll and Mrs. John G. South.

Among the out of town guests were Mrs. J. W. Caperton, Miss Helen Bennett, Mrs. J. G. Bosley, Mrs. J. J. Neal, Mrs. Charles Lett, Mrs. J. J. Greenleaf, Misses Mary O. Covington and Bessie Miller of Richmond.

Rebekahs' Halloween Party

A crowded house greeted the Daughters of Rebekah at the Halloween party at the Odd Fellows' Hall Monday night. The committee in charge of decorations are especially praised for their splendid work. The spoons and pumpkins and witches and autumn leaves made the hall a place of mystery. The young ladies in charge of the ice cream, hot chocolate, oyster soup, candy, sandwiches, pies, lemonade and fruit booths made a neat sum for the lodge and the proceeds went towards paying off the debt on a piano bought some time ago by the Rebekahs. Never in the history of Richmond were there so many young and old people as well masked for a party and every one went home feeling it was a gala night spent with the Rebekahs. First prize for the best masked couple went to Mr. R. B. Mullins and Mrs. James Shaw; the second prize for the tackiest couple was won by a couple which was universally declared the winner, but who would not disclose their identity.

Halloween at Eastern

Halloween was a night of gaiety on the campus, regardless of the weeping clouds which came down in swirls among the naked branches of the maple trees like the trailing ghosts of summer beauty now dead. Under the direction of Mrs. S. B. Hume, Dean Roberts, Mr. Hemmree and Mr. Demmon the most delightful fancy dress party ever given in all the history of Eastern was planned.

The play room in the Model School building was the place selected in which to hold the affair: autumn leaves, corn shocks, pumpkins, ghosts, jack-o'-lanterns, bats, witches and other fearful unclassified creatures transformed that otherwise very prosaic basement into an ideal rendezvous for supernatural visitors. They came! Great throngs of fairies, ghosts,

gnomes, witches, colored folks, and one hard-shelled parrot trooped in out of the dark, wet night to revel once again among the things they loved on earth and to dance to the beautiful music which was furnished by Elder's orchestra. There were Colonial beauties, too, white haired and dainty, Indian maidens, Dutch girls and many a happy Pteriot to add color and charm to the occasion, while the large number of very small monstaches worn by the shades of former gentlemen of fashion, was commented upon by morals standing by as being remarkable.

A grand march in which Mrs. Deane took a prominent part, was the opening number on the program and the lineup of spirits was interesting, if not always beautiful. The march was followed by games and dancing of all varieties. The square dance was an amusing feature. Mrs. S. B. Hume received honorable mention for some particularly fine work in this. Prizes were given for the best dancers, talkers and runners in several instances.

Refreshments, consisting of doughnuts, peanuts, marshmallows and grape juice were served. At a late hour for Normalites the party adjourned, very happy and extremely grateful to Mrs. Hume and her committee for the pleasure they

Mrs. J. W. Phillips, Redon, Ga., phoned to J. M. When Telephone Numbers Change

Every new issue of the telephone directory contains hundreds of changes in telephone numbers.

Between directory issues many telephone subscribers do not make a record of the changed numbers they call frequently.

This necessitates the frequent calling of the Information operator and unnecessary work on the part of both subscribers and operators.

You can assist in maintaining good telephone service if a record of such number changes is kept near your telephone—

And if telephone numbers, particularly party line numbers, are eliminated from letter heads, business cards and advertising.

THIS YOUNG MOTHER

Tells Childless Women What Lydia E. Pinkham's Vegetable Compound Did for Her

Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are very fond of children and for a considerable time after we married I feared I would not have any owing to my weak condition. I began taking Lydia E. Pinkham's Vegetable Compound and now I have a nice strong healthy baby girl. I can honestly say that I did not suffer much more when my baby was born than I used to suffer with my periods before I took Lydia E. Pinkham's Vegetable Compound and shall always recommend it very highly."—Mrs. H. H. Jaxson, Millston, Wisconsin.

How can women who are weak and sickly expect or hope to become mothers of healthy children? Their first duty is to themselves. They should overcome the derangement of ability that is dragging them down, and strengthen the entire system, as did Mrs. Jaxson, by taking Lydia E. Pinkham's Vegetable Compound and then they will be in a position to give their children the benefit of a good constitution.

CLAIMS ABE LINCOLN A HARD-SHELL BAPTIST

Tom McGregor Finds Evidence That Is Cited As "Missing Link" in His Religion

(By Associated Press)
Lincoln City, Ind., Nov. 1.—back the mists of a century and offering the deer-skin-bound records of Little Pigeon Baptist church near here as the missing link of Abraham Lincoln's religion, Thomas B. McGregor, assistant attorney general of the state of Kentucky has given to an appreciative American sentimental evidence that Abraham Lincoln was reared in the simple faith of the "hard-shelled" Baptist church.

Much of the mystery of Lincoln's religion and that of his parents, for over a half century, a mooted question, has been evaporated by the findings of Mr. McGregor in the little old deer-skin book of Little Pigeon church.

There is no record of Abraham Lincoln's initiation with any church denomination, but Mr. McGregor's copy of Thomas Lincoln, moderator and pillar of the little Baptist church, now, conclusively, Mr. McGregor says, that the Lincoln family were Baptists.

"The parents of Abraham Lincoln deserve a fairer estimate than has been allotted them by most of the biographers of Lincoln," said Mr. McGregor, "and the story, as told by the records, that are still to be found in the archives of the Little Pigeon church, near Lincoln City, Spencer county, Indiana, of the devotion paid by the parents of Lincoln to Him who guided the lad of Pigeon Creek in the hour of the nation's travail, goes far to give to them their true estimates. In fact they were well to do pioneers of their day; of sturdy ancestral stock, owned a farm, domestic animals, tools and a family Bible; neighborly, sacrificing and active church-going men."

INDIGESTION

Busy Public Official Says Theodore's Black-Draught Helps Him Keep Physically Fit.

Clay City, Ky.—"I have been in business here for twenty-one years; am also corner, riding the Kentucky hills and hollows in all kinds of weather and under all kinds of conditions," says Mr. Sam T. Carr, of this place. "To be able to do so, I must keep physically fit, and Theodore's Black-Draught is my stand-by."

"These trips used to give me headaches, and that, I found, came from hearted meals or from constipation. I was convinced that Black-Draught was good, so now I use it, and it gives perfect satisfaction. It acts on the liver, relieves indigestion, and certainly is splendid. I am never without it."

"When you have a feeling of discomfort after meals, causing a bloating sensation, headache, bad breath, and similar common symptoms, try taking a pinch of Black-Draught after meals—a pinch of the dry powder, washed down with a swallow of water. This has been found to assist the stomach and liver to carry on their normal work, and helps prevent, or relieve, constipation."

Your druggist can supply you with this well-known, purgative-free, live medicine. Insist upon Theodore's, the original and only genuine Black-Draught liver medicine. NC-137a

"Pigeon Creek church was founded on June 8, 1816, the year that Thomas Lincoln and his family moved from Kentucky, and settled on Little Pigeon Creek, in what was then Warren county, Indiana Territory. It was then, as now, the chief church in that vicinity. When the meeting house was built, its site was selected about a mile west of Thomas Lincoln's home, the church building today occupying practically the same place. When Lincoln's mother died she was buried between their home and the church, the graves not having been started at the church but when Lincoln's sister, Sarah Grishy, died in 1828, she was

buried at the church burying ground, where her grave is yet to be seen, marked by a rough stone.

"This church, with the continuous existence since 1816, has only two books containing its records and minutes: the first covering the period from 1816 to 1840. It is in this book that we find Abraham Lincoln's father, stepmother and sister, were active members of the hard-shell Baptist church at Pigeon Creek, and this book, with its deer-skin cover, the hair still remaining, reveals in its crude historic way the true religion of Lincoln's parents, but gives the best insight yet found to his own religious views.

"Thomas Lincoln and Nancy Hanks were married by a Methodist minister by the name of Jesse Head, but shortly afterward they were united with one of the churches of the Baptist Licking-Loose Association of Regular Baptist churches in Kentucky, and when Nancy Lincoln died in Indiana, Abraham, by his own efforts, had their Kentucky pastor, Elder David Elkins, come to their wilderness home and preach his mother's funeral.

"After Thomas Lincoln had married Sally Bush Johnson he sent back to his Kentucky church and obtained his letter of fellowship and as the minutes of June 1, 1823, show, he united with the Pigeon Creek church by this letter and his wife by experience. From that date until they moved to Illinois in 1830, their names appear frequently in the minutes of the church proceedings, Thomas being one of the pillars of the church, acting as moderator, on committees to investigate the conduct of brethren and sisters, and messenger to associations, carrying the letter of Pigeon Creek to her sister churches."

The historic minute which records the affiliation of Thomas Lincoln and his wife with this little pioneer church follows:

"June the 7, 1823. The church met and after prayer proceeded to business, 1st, inquired for fellowship; 2d, invited members of sister churches to seats with us; 3d, opened a door for the reception of members; 4th, received Brother Thomas Lincoln by letter; 7th, received Brother John Wire by relation and Sister Lincoln and Thomas Carr by Experience."

"Thomas Lincoln was not in such poor circumstances but that he always donated to the needs of his church," said Mr. McGregor, in offering the following copy of an agreement to build a new chimney on the meeting house:

"We, the undersigned, do agree one with another, to pay the Several Sums next our names in produce this fall to be Delivered Betwixt the first & 30 of December, the produce, as follows: Corn, wheat, whiskey, soft Linnen and any other article or material to do the work with, the produce will be Delivered."

ered at Wm. Barkers in good mercantile produce."

Signed with other names is: "Thomas Lincoln, white corn, manufactured—pounds—24."

"Thus," continued Mr. McGregor, "we have revealed to us the religion of Abraham Lincoln's parents, his sister, Sarah, and of himself. He was raised in the simple hard-shelled faith, which in after years never left him. "We have no record of Thomas Lincoln or his wife ever uniting with any church after they moved to Illinois in 1830."
